**1. Due to the lack of insurance for rental scooters/motorcycles in Thailand, I agree to immediately pay the then current price in case of scratches, damage or defective parts of the rented scooter/motorcycle caused by me or third parties during the rental period.** Additionally, I agree to pay the then current price in the event of theft of the scooter/motorcycle or parts thereof.

**Automatic scooters are not suitable for driving on mountain routes. When driving in mountainous terrain there is a high risk that engine parts will be damaged and I will have to pay for the corresponding repairs.** In addition, this is extremely dangerous because there is a risk that the vehicle will stall when going uphill or that the brakes will be inadequate when going downhill. AuBanan Motorcycle reserves the right to refuse or cancel the rental if my accommodation is located in areas that are too high and the roads are too steep. For example, the following places are not permitted: Pra Buddha Dipankara, The Roof, Overlap Stone...

2. During the rental period of the scooter/motorcycle, AuBanan Motorbike assumes no responsibility for any accidents and/or injuries.

**3. I confirm my extensive knowledge of driving a scooter/motorcycle and commit to always riding safely, wearing a helmet and not consuming alcohol or drugs.** I also note the guidelines that only two adults are allowed to ride on the scooter/motorcycle.

4. I am obliged to return the scooter/motorbike on time, **the daily rental period is 24 hours**, or to contact AuBanan Motorbike if I wish to extend the rental period. If I do not fulfill this obligation, I will be charged an additional fee of 1,000 THB per day.

5. I officially state that I will not pass the scooter/motorcycle on to third parties or rent it out and that I will always take good care of it.

**6. It is strictly forbidden to use the scooter/motorcycle outside the boundaries of Koh Samui.** Should this provision not be adhered to, the above contract will become null and void and I agree to pay a penalty of 10,000 THB. Please note that all our scooters/motorbikes are equipped with a GPS tracker.

7. I am obliged to return the scooter/motorbike with the same fuel level (petrol 95). If this is not the case, I will be charged a fee of 100 THB.
